

RAPTIC™

URBAN FOLIO

Stylish Simplicity, Dependable Durability

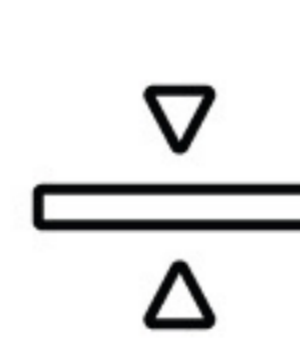

Combining a simple designer aesthetic with remarkable utility for daily use from week to weekend, Raptic Urban Folio phone case is an ideal accessory for the tech-savvy trendsetter. The TPU and polycarbonate frame provides excellent 6-foot military grade drop protection in a slim pocket-friendly design, while the subtly grained eco-vegan leather front cover adds understated sophistication and an extra layer of protection for the screen when not in use. Internal slots to hold up to three credit cards provide added convenience for traveling light when going out on the town. Urban Folio is engineered cradle-to-grave for sustainability, incorporating EcoElement™ to make the case biodegradable, and shipped in biodegradable plastic-free packaging to minimize its impact on the environment. These and other eco-friendly measures have earned Urban Folio certification as a carbon neutral phone case, perfect for discriminating customers who demand sustainability as well as style and performance.
